

Parkers supplies materials to local Cub Scout group

DARZEE CUBS BOXING CLEVER THANKS TO PARKERS

Parker Building Supplies have always been keen to support local schools, sports teams and organisations around the Sussex and Kent region and when the 3rd Bexhill Darzee Cubs asked us for help in attaining their DIY badges we were only too keen to encourage the next generation of handymen ... and handywomen !

Under the tuition of some very able Scout leaders, the industrious Darzee Cubs made good use of the various wood panels and tools supplied by Parkers as can be clearly seen in these photos.

The Cub Scouts DIY badge

The DIY Badge is one of a number of awards given to Cubs and Scouts in recognition of various useful skills which the movement encourages children to undertake.

The Darzee Cubs, who regularly meet in the hall at the Church of St Michael and All Angels in Bexhill, proved to be very adept at sanding down the wood panels, screwing the sections and the handle together and producing an impressive finished job that will no doubt take pride of place in their family's garden shed.
